

SES Broadband – Up To 20 Mb Great Value Broadband

SES Astra Connect is Europe’s newest “Ka band” satellite broadband service. Using the latest hardware and antenna technology SES Broadband offers super-fast satellite broadband, in **England, Ireland, France, Belgium, Switzerland, Luxembourg and the Netherlands.**

SES Astra Connect Packages (all prices include VAT/TVA):

Purchase your equipment upfront. No long term commitment – just a 30 day rolling contract. The purchase price includes 30 metres of cable plus connectors.

SES Package	Download Speeds <i>Up to</i>	Upload Speeds <i>Up to</i>	Monthly Data Allowance	Setup Cost	Connection Fee	Monthly Airtime Cost
Europasat S3	4Mb	0.5Mb	3 GB	€325.00 or £315.00	€39.95 or £29.99	€10.95 or £9.99
Europasat S10	20Mb	2Mb	10 GB	€325.00 or £315.00	€39.95 or £29.99	€39.95 or £29.99
Europasat S20	20Mb	2Mb	20 GB	€325.00 or £315.00	€39.95 or £29.99	€49.95 or £39.99
SES Broadband Pro 30	20Mb	2Mb	30 GB	€325.00 or £315.00	€39.95 or £29.99	€69.95 or £59.99
SES Broadband Pro 50	20Mb	2Mb	50 GB	€325.00 or £315.00	€39.95 or £29.99	€79.95 or £69.99

The peak times on the network are between 4.00 pm and 11.00 pm, and during these times if you’re a very heavy user, you’ll see less than the peak speeds. If you’re a light user, and use the connection mainly outside these peak times, you’ll see the peak speeds the majority of the time.

Pay As You Go Option

Ideal for holiday home owners!

If you have a more occasional requirement for broadband – maybe to service a holiday home in France – then the Pay As You Go option may be a good choice. Simply purchase your kit, pay a one-off connection fee and then pay for the data you use at a fixed price per GB.

	Download Speeds <i>Up to</i>	Upload Speeds <i>Up to</i>	Monthly Data Allowance	Setup Cost	Connection Fee	Cost per GB
SES PAYG	10Mb	1Mb	PAYG per GB	€325.00 or £315.00	€50.49 or £45.50	€7.75 or £7.00

Top ups can be purchased on line through your client portal. Each top up of 1GB is valid for 28 days.

If You Reach Your Monthly Allowance:

If you reach your monthly allowance your download speed will be slowed right down to 64 kb/s. It is possible to purchase a 1GB top-up (volume booster) for €12.95 or £12.99 (limited to one per month). If you find that you are frequently running out of allowance & need to move up a package that's no problem – just let us know.

FREEZONE unlimited night time use:

The FREEZONE bolt on can be added to all packages. Any data consumed between 11pm and 7am will not count as part of your monthly allowance. The cost of the bolt on is €7.75 per month for the S and L packages and €19.43 per month for the pro packages.

Data Allowance Split:

The monthly data allowance stated for each SES package (except Pro unlimited) has a fixed split between download & upload allowance. For example the data allowance on the S10 package is split 8.5GB download and 1.5Gb upload.

Professional Packages:

The Pro packages listed above are available to everybody – not just businesses. If you require a greater data allowance for your business then **Super Tariffs** are available offering data allowances of up to 1000GB per month. Please contact us to discuss your requirements.

Optional Extras:

Wall mounting bracket	€39.95	£39.99
Wireless router	€59.95	£59.99

Shipping:

We will deliver you equipment free of charge to a UK address. Shipping to France costs €37 and delivery normally takes 4 to 5 working days.

Installation:

The system is designed for self installation if you have reasonable DIY skills. If you want the equipment professionally installed this typically costs in the region of €250.00.

We will be happy to provide the installation guide in advance to help you decide if DIY installation is possible.

Through our experience across France over the past 12 years we have built up a network of experienced installers covering most areas of the country. If you would prefer to have your system professionally installed we will be pleased to put you in contact with somebody who can help.
